

Sebastian BODEN

Member of the Clean Hydrogen Partnership Governing Board

VP Hydrogen Energy Partnerships Europe

Air Liquide

Sebastian Boden is a French and German professional currently serving at Air Liquide as Vice President of Hydrogen Energy Partnerships Europe and acting as Transport member of the Hydrogen Europe Board of Directors.

At Air Liquide, Sebastian develops partnerships and manages the relationship with several joint ventures (in which he also acts in the capacity as board member) in the hydrogen energy sector, focusing on mobility solutions by actively participating in formulating strategies to thrive in a volatile economic and political environment.

Through his experience, Sebastian has been exposed to a wide range of industrial value chains thanks to various strategic and executive positions he held in France, Germany and Canada.
