

ANNEX II – DECLARATION OF INTERESTS FOR THE CLEAN HYDROGEN JOINT UNDERTAKING GOVERNING BOARD MEMBERS

Name: dr. Danica Maljković
Professional Address: Slavonska avenija 22G, Zagreb, Croatia
Phone: +385 1 248 1341
E-mail: danica.maljkovic@dok-ing.hr
Position:

- Chairperson of the Governing Board
- Representative/lead delegate/alternate of the Commission
- Representative/lead delegate/ alternate of [...]
- Representative/lead delegate/ alternate of [...]
- Other (please specify)

do hereby declare on my honour that, to the best of my knowledge, the only direct or indirect interests I have in the hydrogen sector are those listed below:

1 Past activities:

Dr. Danica Maljković has more than 20 years of experience in the energy sector with the focus in hydrogen economy, renewable energy projects, energy efficiency, district heating both in technical/project development and regulatory area, renewable energy with a strong emphasis on geothermal energy sources, biomass/biogas and solar thermal, project development and energy efficiency predominately in industry. Has managed a number of due diligence processes from IFIs and commercial banks, both in the area of renewable energy projects (biomass, biogas) and energy efficiency in industry. She cooperated with power and utility companies, national level and local governments, governmental and regulatory agencies and funds, international financial institutions (EBRD, KfW, World Bank Group), projects under EC and EEA grant schemes, commercial banks (Intesa Sanpaolo Group, Unicredit Group, Erste Group Bank), private equity funds, institutional investors and numerous private investors and developers.

From 2005 to 2020 she was working as a Deputy Head of Department for Energy Management and Organisation at Energy Institute Hrvoje Požar, Croatian lead national research institution for energy sector.

She holds a PhD in Power Engineering from the University of Zagreb and a Master of Mechanical Engineering from the same University, together with an MBA in Energy Economics from the University of Rijeka.

2. Current activities:

Since October 2020 Danica was a CEO and then a CTO of DOK-ING Indeloop, clean tech company focused on developing and commercialising innovative systems for hydrogen production. Indeloop's main research and development activities are in thermochemical gasification of organic materials for hydrogen production. Furthermore, Indeloop is active in developing projects of hydrogen production from electrolysis together with development of photovoltaic and hydro renewable energy projects for coupling with hydrogen electrolysis. As

well, and within DOK-ING, Danica is Director of Energy and Sustainability as one of three programmes within the company.

Since 2021 Danica is the President of the Board of Association for Hydrogen Economy in Croatian Chamber of Commerce.

3. Current Financial Interests

No Interest Declared

4. Any other relevant interests.

No Interest Declared

5. Family Member Interest

No Interest Declared

I confirm the information declared on this form is accurate to the best of my knowledge and I consent to my information being stored electronically by the Clean Hydrogen Joint Undertaking.

Done at Zagreb, 10 September 2023

dr. Danica Maljković
