HE and HER involvement

Identification of Annual
Priorities at Roadmap-level

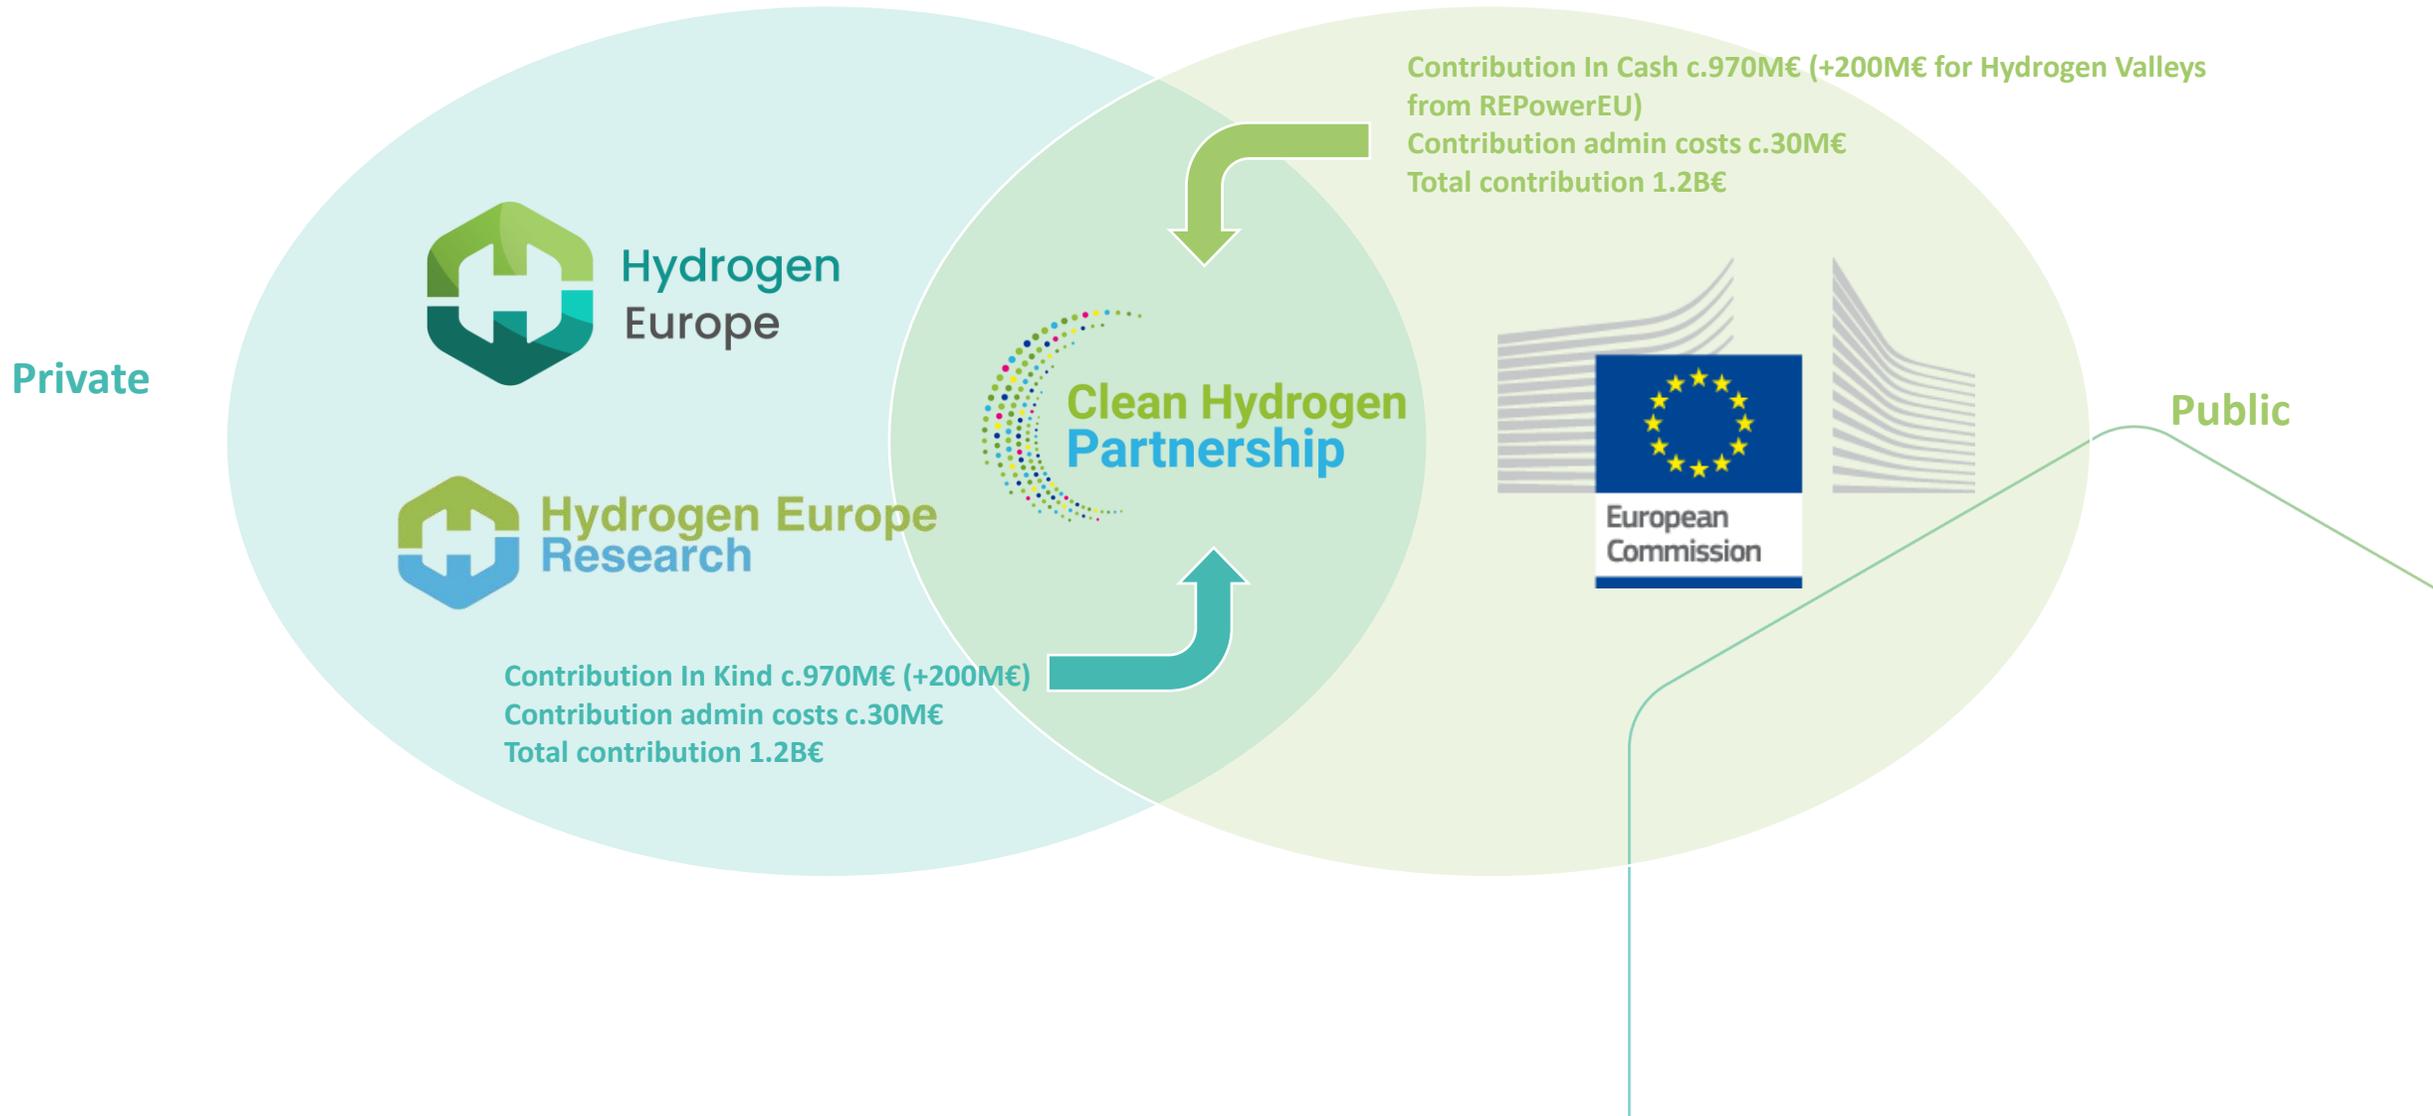

Drafting of Research and
Innovation topics included in
the Annual Work Plans

Participation in Technical
Workshops

Clean Hydrogen Partnership

HE and HER financial obligations

Clean Hydrogen Partnership

HE and HER members' contribution to JU's administrative costs

Legal foundation

- Single Basic Act (SBA) Regulation
- Clean Hydrogen JU Financial Rules
- Association Bylaws & Statues (HE & HER)

Types of financial contributions

- In Kind contribution to Operational activities: calculated directly from Clean Hydrogen JU projects with a funding rate <100% (IKOP).
- In Kind contribution to Additional Activities: projects on hydrogen funded outside the Clean Hydrogen JU reported by HE-HER members (IKAA).
- Contribution to administrative costs for the Clean Hydrogen JU: ~30M€ from 2021 to 2030.

Administrative costs contribution approach

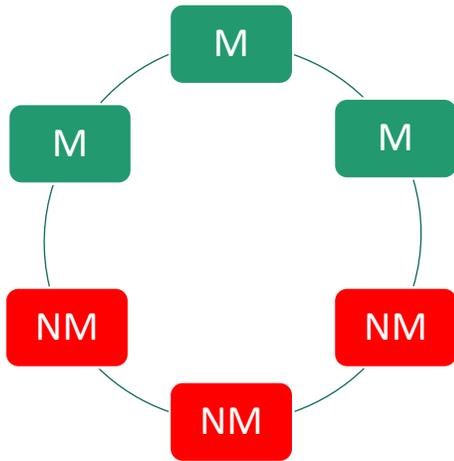

- 3.5% project contribution from HE-HER members.

Key principles

- Only members of HE-HER contribute to project contribution.
- Participation to the project contribution is enshrined in the Statutes of the associations.
- SBA encourages membership of HE-HER to contribute to the success of the Partnership and the hydrogen ecosystem as a whole.

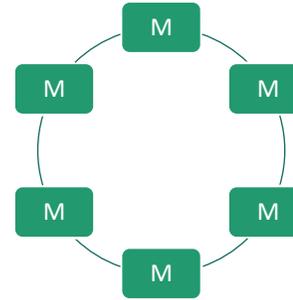

Clean Hydrogen Partnership

JU's administrative costs in consortium

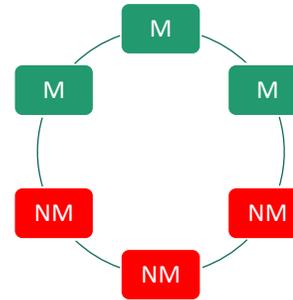

M Member of HE/HER

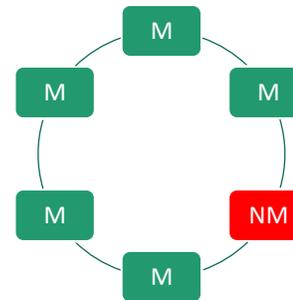

NM Non-member

Non-members become **full members of HE/HER**
+
They all pay a 3,5% project contribution

Non-members remain **non-members.**
+
They do not pay the contribution.
+
The three members then contribute on their behalf*

A threshold is under discussion as part of the modification of Association Statutes in order to avoid a disproportionate project contribution fee

Combination of the above*

Hydrogen Europe membership overview

ADVOCACY

Ensure your voice is heard when shaping European policy.

FUNDING

Accelerate the development of new technologies and expand your business

KNOWLEDGE

Access our dynamic encyclopaedia of constantly updated intelligence to help you make strategic decisions.

NETWORK

Benefit from access to multiple events a year where you can connect with our 600+ members, including leading businesses and associations with a stake in hydrogen.

COMMUNICATION

Keep updated with the latest hydrogen developments through our podcasts, webinars and publications.
